

Dear Parent,

This piece of stationery and envelope is for you to take some time to send a message to your child about how you see their life with Christ developing. You might share a memory of a time when you were particularly proud or impressed with their judgment, charity, or wisdom. Your letter might include your hopes and dreams for how their relationship with Christ might grow and why it needs to grow, how important their friendship with God is to their entire life.

If you are not good with words but art is more your style, draw them a picture, do whatever expresses your sense of their relationship with God and how you would like to see it continue to grow.

If you need more than one sheet, extras are available. If you and your spouse would like to send separate letters that is fine and again extras are available.

When you decide to send/give this letter to your child is completely up to you. The important thing is that you do it, when or how is not important. A child needs to know what his/her parent thinks and believes about them. This note could easily become something your child will read a hundred times throughout his/her life to reassure him/herself of who they are and how important they are in your sight and in the sight of God.

Thank you for your time and attention to this task,
Chris VG
