

**Book Review Treasures Uncovered by Jeanne Kun**

**Note: This book was used by a Small Christian Community at St. Vincent's and received positive reviews.**

**“Treasures Uncovered worked very well for our group. The subject of the first Chapter dealt with ‘The Good Samaritan’. It started off with the bible passage itself. In a section of the chapter under the heading ‘Understand!’ there were several questions that tested our understanding of the passage. There were a few other short stories in the book with some additional questions. The section ‘Grow!’ included questions that link the passage to our own lives. The section ‘Reflect!’ asked more meditative questions. Finally, the section ‘Act!’ gave us our action item for the week, or until our next meeting date. The consensus of the group at the end of the evening was that the book worked well for us.**
