

St. Vincent de Paul School Home and School Association

With the 2006 – 2007 school year, families participating in the SCRIP program will immediately begin to earn money toward their TIP amount. TIP is tuition assistance that is earned by purchasing everyday products using SCRIP gift certificates. It is one of the best ways to support St. Vincent de Paul School.

Currently the first \$50 of profit earned by each family contributes to HASA's budget. The funds are used to enrich the educational experiences of all the students. It is necessary for HASA to meet its budget, but it is also important that every family contributes as we are called to do through stewardship to the parish. To meet the budget, we will be replacing the initial \$50 SCRIP assessment with a family membership fee of \$25. The best way to offset the fee is by using SCRIP regularly, which will result in more TIP for your family.

HASA is always looking for people who want to become involved in its many activities. If you become an active HASA member for the 2005 – 2006 school year, your \$25 fee will be waived for the following year. To be an active member means to attend three HASA meetings during the year and chose one option from the following:

- To serve on the Executive Board
- To serve as a committee head
- To organize two HASA events
- To work at three HASA events
- To organize one HASA event and work at two HASA events

If you have any questions, contact HASA President, Lisa Morr.
